Week 2

Today

- Achievements and Tickets
- Pair Programming
- Today's Project: Rock Band

Achievements and Tickets

Tickets

- Reward for completing short projects.
- Turn in **tickets** with you name on them to enter monthly raffle for prizes!
- What to call them?

Achievements

- Earned by completing **coding quests**.
- May include additional **tickets** and an **achievement card**.
- May unlock new **coding quests**.

Pair Programming

Programming = Coding

Pair programming is when two programmers work together at one computer.

Today's Project: Rock Band

1. Find a partner.
2. Do pair programming, using only one chromebook.
   a. Optional: Navigator opens the directions on second chromebook, nothing else!
3. Go here to get started: https://projects.raspberrypi.org/en/projects/rock-band
4. When completed, show Chris your work for a ticket!
